

FORE DELTA ASSOCIATES

[Fore Delta Associates](#) (FDA) recognizes “community” as a key to its business success. For us, community is not just defined by the professional relationships and associations in which we work, but also in the organizations which serve the community where we live. When launching this business we knew that not only would it embrace an unrelenting focus on the customer, but also to be of service to the community, the ones where we work, the ones where we live, and the ones beyond.

Based in the San Francisco East Bay Area, FDA chose [Kids Against Hunger – Bay Area](#) (KAH - Bay Area) this summer, a charity in our local community, one with a global reach that satisfies the basic need for food, food for starving children – “Feeding families around the world... and around the corner”. In 2013, with the help of over 8100 volunteers KAH - Bay Area packed 1,242,538 meals. They shipped 855,360 meals to Haiti, 439,560 to the Philippines, and 80,000 meals were sent locally to Feeding America in Modesto, CA and there are 100,000 meals in Pleasanton, CA to be used in the event of a widespread disaster in the bay area.

Branding our commitment to the community, FDA launched the Hand-in-Hand 2014 project, celebrating those who support KAH - Bay Area. To support the project, the [FDA race car](#) anchored the KAH – Bay Area display at [Rimz & Ribz 8](#) (July 12, 2014), the 8th year this car show has gathered automotive enthusiast from all over the San Francisco, CA community. With Kids Against Hunger – Bay Area, we will continue distributing “Hunger Helper” stickers at future packing events, recognizing those who participate in the cause.

FORE DELTA

A S S O C I A T E S

L. Barry Chafin, Principal – June 5, 2014 Danville, CA - *“We are thankful for the opportunity to give back to the community, as we race for Kids Against Hunger - Bay Area. Collaboration is at the heart of what Fore Delta Associates does, and we can think of no better team building exercise in the community than a [Kids Against Hunger food packing event](#) ... it’s a win/win/win proposition!”*

Having begun 2014 with the [Alex’s Lemonade Stand Foundation](#) (“Fighting Childhood Cancer One Cup At A Time”), Fore Delta Associates (FDA) continues to bring awareness of community service opportunities through a strikingly adorned race car that is licensed and driven on the street, a mobile billboard. Excitement is generated through participation in [Sports Car Club of America \(SCCA\)](#) Solo™ competition, where we were ranked 1st in class after the first three races in the San Francisco Region. By the first of June our schedule was set for the summer and focused on securing the championship in two of the remaining four races and two charity events (1 show and 1 KAH – Bay Area packing event).

June 25th - Packing Event – This is the third year Kids Against Hunger – Bay Area was packing at the Alameda County Fair. The meals are stored with the Regional Disaster Recover Center to use in the event of a widespread disaster in the greater Bay Area. With the help of over 600 volunteer we packed 105,193 meals, over 5,000 of which will be sent to Haiti or the Philippines. Want to try an event, click on [“Sign Up Now”](#) to reserve your spot. Your donations are always welcomed.

July 12th Car - Show – [Rimz & Ribz](#) is an annual car show that celebrates diversity, including: classics, hot rods, race cars, imports, monster trucks, tuners, farm machines, motorcycles, motor homes, exotics, bicycles, strollers, work trucks, you name it! Marking eight years for this event, all additional proceeds were dedicated to Kids Against Hunger – Bay Area. There were over 260 hot **Rimz**, rippin live music, the best **Ribz** in the Bay Area prepared by Boneheads Texas BBQ, the most authentic shaved ice on the mainland from Gnarly Shaved Ice Company, and last but not least, some outstanding raffle prizes from the generous sponsors.

The Fore Delta Associates race car was front and center of the booth where donations to Kids Against Hunger – Bay Area were recognized with a “Helping Hand” sticker that you could take home to put on your own Rimz, or have it applied to the race car in honor of your support as it hit the track. We raised enough funds to package over 5,000 meals!
